Re: Former Seaboard Chemical Corporation Facility and Former City of High Point
Riverdale Drive Landfill
Request for Extension of Time to Submit Declaration of Perpetual Land Use
Restrictions for the Former Seaboard Chemical Corporation Facility and
Adjacent Crutchfield Property

Dear Mr. Jackson:

I am writing on behalf of the Seaboard Group II ("Group") and the City of High Point ("City") to request an additional ninety (90) day extension of time for the Group and the City to submit for the Division's approval separate declarations of perpetual land use restrictions ("DPLURs") and survey plats for the former Seaboard Chemical Corporation Facility and the adjacent Crutchfield property located north and east of the Site and the Deep River.

Under the Remedial Action Settlement Agreement ("RASA") and the Statement of Work ("SOW"), the Group and the City are to submit within 90 days of the order date (December 29, 2008) the referenced DPLURs and survey plats.

The Group and the City need an additional 90 days to complete this task. Additional time is needed because of the difficulty in contacting Mr. Crutchfield to discuss recordation of the DPLUR for his property. Additional time is also needed to negotiate with the Trustee in Bankruptcy for the Seaboard Chemical Corporation regarding recordation of the DPLUR for the Former Seaboard Chemical Corporation Facility. The Group and the City are making diligent efforts to meet the deadline in the SOW, but need additional time.

Therefore, the Group and the City respectfully request an extension of time for an additional 90 days to and including June 29, 2009 to complete these tasks.
